

# **SentiPensante**

## **Application and Community Agreement**

### ***Educational Commitment***

While SentiPensante does not require a class component, the goals of the community are intentional and designed to support student learning and engagement in and beyond the classroom.

The SentiPensante community is designed to:

- Facilitate an environment which welcomes a broad range of students who wish to engender a diverse community focused on Latin America and the Latino/a community in the United States.
- Provide intentionally designed opportunities for networking with staff, faculty and the larger SF community through a variety of engaging activities.
- Support students who are preparing or have completed an immersion experience or study abroad in Latin America to continue to learn from and deepen their experience before they leave and/or once they return.

### ***Attendance and Participation***

The vitality and strength of any community relies heavily on the participation and dedication of community members. Active, consistent participation in SentiPensante community meetings, activities, events, excursions, and/or service is encouraged and expected.

### ***Residential Living***

Students in the SentiPensante community live in Phelan Hall and are expected to follow all residence life rules, regulations, and policies. In addition, SentiPensante students are responsible for respecting and honoring the values and service to the larger Phelan Hall community, USF, and the San Francisco community.

*I have read all pertinent information regarding the SentiPensante de Latin America community and understand that as a community member, I am required to meet the above expectations. My signature below confirms that I understand and agree that if I fail to meet any of the expectations indicated above then I may be asked to leave the community. If I am asked to leave, possible consequences include being removed from my residence hall room and relocated within housing or removed from USF on-campus housing.*
